

Lab Report

A record of one experiment from question to conclusion

Name: _____ Class: _____ Date: _____

Teacher: _____ Unit: _____ Lab title: _____

Question (what am I trying to find out?)

Hypothesis (If ..., then ..., because ...)

Materials

Procedure (numbered steps)

Data table

What I changed	Trial 1	Trial 2	Trial 3	Average

What the data show (patterns, graph, calculations)

Conclusion: was my hypothesis supported? What evidence shows it? What would I try next?
